## Villa No.174, a new boutique hotel in Rio de Janeiro.

To combine luxury accommodation and artistic happening – this is the ambition of Villa No. 174. This new anti-conformist boutique hotel just opened on the hills of Santa Teresa, the bohemian neighborhood of Rio de Janeiro. Set in an old mansion in the heart of a tropical garden, the four studios each designed with an unclassifiable aesthetic are the fruit of the imagination of co-founder and Serbian fashion entrepreneur Srdjan Prodanovic. On the walls, the imposing contemporary tableaus of Bosnian artist Radmila Djapic Jovandic are the running theme of this constantly evolving hotel.
